

What to Expect in a Mediumship Reading

The Details

Readings are conducted via Zoom or by Phone. **ALL ARE IN THE CENTRAL TIME ZONE.**

Both of these provide the same clear connection to your loved ones across the veil as an in-person session. In-person readings available by request.

Readings are scheduled for 45 minutes.

If your reading is by Phone, I will call you at the scheduled time. If your reading is via Zoom, I will email you a link to join the meeting.

Sessions are \$125. Payment can be made prior to the session and you will get an invoice to pay through either Venmo or Paypal. Checks can be mailed in ahead of time.

Your session will be recorded and you will either receive a audio file or a Zoom video file.

You will receive quick instructions on how to respond, at the start of the reading, so that I can bring forth evidence of your loved ones and we will connect our heart chakras before we begin. <3

The Sacred Work of Mediumship

Mediumship is about proving that life is eternal, and that we are all Spiritual Beings having an Earthly existence. We never truly die, we just change forms. A reading gives you evidence that your loved ones who have passed to the other side still exist in Spirit and gives them a chance to share their messages with you.

Those in Spirit know the kind of evidence I hope to hear from them, and they know that my main goal is to correctly capture their essence so that you have no doubt they are present. Please do not let the outcome of the reading depend upon hearing "the one thing" that will convince you that your loved one is present.

It may not be possible for them to get certain details through. Trust me that they will do their best to let you know they are with you, and I will do my best to receive the messages in the way they communicate. Leave any expectations about specific things behind and just trust that what comes through is for everyone's best and highest good.

The connection is much better when the medium remains in a passive, receptive mode, merely passing along whatever information and messages that they are sending.

Please do not invite people to your session UNLESS WE HAVE AGREED TO THIS IN ADVANCE. Unexpected participants not only affect the energy between all involved, but they also influence who shows up from the other side.

MESSENGER OF HOPE

Who Comes Through in A Reading?

I cannot promise who will come through. It could be just one person or several.

You may also hear from guides and unseen teachers. It is important not to get fixated upon just one person as the evidence is presented. Happily, I almost always bring through exactly who the sitter hopes to hear from, but if we near the end of a reading and that person has not come through, I will ask if there is anyone else you would like me to try to reach. I will do my best to reach them, but the reasons you may or may not hear from a particular Spirit vary. It never means that they don't want to talk to you. Sometimes the connection or the timing isn't right.
